

High Performance Building Congressional Caucus Coalition

High-Performance Building Week Virtual Congressional Visits Days

June 15 to 19, 2009

Join Your Colleagues from across the building community and contact your Member of Congress June 15 to 19.

Ask them to join the High-Performance Building Congressional Caucus and support high-performance building issues.

Where else can they get this critical information that ultimately benefits you?

It's as easy as 1-2-3 and only takes 10 minutes to make a difference.

See www.hpbccc.org/cvd for details
